Can you match the parts of these words together to work out what word I was trying to make?

mea		losure
trea		easure
ple		sure
enc		osure
displ		ure
com		asure
le		posure
cl		sure
disclosu		isure
expo		re

I have done the first one for you and written it below. I have also changed the colour of the word ending so it is clear.

mea + sure = measure
